

## Year 4 Wednesday 3<sup>rd</sup> June 2020

Hi everyone,

Today for English please look at Tuesday's lesson: Tuesday 2<sup>nd</sup> June. This lesson is another SPaG lesson which focuses on using brackets. We use brackets to add an embedded clause into a sentence, which adds more information to your sentence.

Here is the link:

<https://www.bbc.co.uk/bitesize/articles/zkfvgwx>

There are two videos (including a really fun one about Vikings) and 3 activities:

1. Highlight all the words in the clip that should be in brackets.
2. Copy out the 6 sentences, adding extra information to them by using the phrase back of suggestions.
3. Finish the three sentences by adding your own information to them, using brackets where they suggest. © Have a go at writing two of your own sentences about the video, using brackets to add extra information.

Remember, your sentence should still make sense if you miss out the information you add to it within the brackets. Good luck, and enjoy! 😊
