

Wednesday 24th June 2020

Good Morning Reception Class,

Today I would like you to think about a number that is one less than a chosen number. To help us get ready for this game we are going to watch the link below to remind us how to count backwards .So line up your number cards in order from 0-20. Then you are going to pick a number and then say the number that is one less than that number. You can use the numberline to help you or you can count backwards in your head.

<https://m.youtube.com/watch?v=D3b-kcK3Eg8&pbjreload=101>

Now go to <https://whiterosemaths.com/homelearning/early-years/> and choose Summer Term Week 9, Day 3 activity. Today you are going to be thinking about taking away one number from another by using dragons to help you!

Today there will be a separate sheet about our topic for this week and ideas for activities you can do at home to learn even more about animals that live in a cold climate.

Right time to burn off some energy! Go Noodle!

Follow the link bellow and show your family how to Go Noodle!

<https://family.gonoodle.com/>

See you again tomorrow

Mrs Allen, Mrs Beulah and Mrs Parry
