

Week beginning Monday 8th June

Years 5 and 6 Geography

During our topic about 'Chocolate', we learned about the geography of South America, and a little about trade.

This week we are going to learn about UK imports and exports.

- Please go to **BBC Bitesize** and find the **geography lesson for 5th May: Trade and economic activity**. You can find this lesson here:
<https://www.bbc.co.uk/bitesize/articles/zfcnf4j>
- Watch the first video to learn about trade.

- Please read the information underneath this clip really carefully.
- Watch the second clip to find out why supply and demand are important.
- Now please read the final information really carefully.

Activities

Now have a go at these activities.

Activity 1: Have a go at the five question multiple choice quiz to find out how much you have learned about trade.

Activity 2: Now have a go at the second five question multiple choice quiz to find out how much you have learned about economic activity.

Activity 3: Use these activity sheets to see how much you have learned about imports and exports. Please complete the work in your book.

UK Imports and Exports

Use the data provided and the axes on the next page to show UK imports and exports.

Traded item	Import value (billions of £)	Export value (billions of £)
Coffee beans	3	0
