

Thursday 14th May 2020

Good Morning Reception Class,

Please can you start today off by singing me the days of the week song and telling me what day it is. Yes today is Thursday!

Yesterday you listened to the story of Little Red Riding Hood. The journey through the woods to grandma's house was a long one. I bet Little Red Riding Hood sang nursery rhymes and songs on her way to keep herself busy. Can you perform your three favourite nursery rhymes to your grown-up, including the actions. Then ask them to perform theirs. See if the rest of your family know any more.

Now go to <https://whiterosemaths.com/homelearning/early-years/> and choose Summer Term Week 4, Day 4 activity. Today you are going to be thinking about doubling and halving using spiders.

Now bring your tray of washing-up liquid or other fun material you wrote in earlier in the week. Today we are going to write numbers in the gloop. Ask your grown-up to call out a number and you write it and then rub it out. They could also ask you questions like 'what is 2 add another 2?' and you could write your answer in the gloop. Or even 'what is 3 take-away 1?'. make up your own maths problems to solve.

Today's exercise is to get moving!

See you again tomorrow

Mrs Allen, Mrs Beulah and Mrs Parry
