

Wednesday 1<sup>st</sup> April

Today is the start of a new month - it is called April Fool's day when we are supposed to play a trick on someone!

Maths

Complete the counting in 5's sheet in your book.

Remember to look carefully at the tens frame and that you don't have to count each box.

English

Practice your letter formation today using the sheet that has each letter starting with a red dot.

Write down some words that start with the letters sh, ch and th. Challenge your self and put them into sentences.

Topic/Science

Try and do some junk modelling today, you can use any old boxes you are allowed to have. If you are able to take a photo and stick it into your blue book, or your grown up can e-mail it to the office.
