

Wednesday 29<sup>th</sup> April

This week we are going to do some Science, remember this is when we investigate and try and find things out about the world around us.

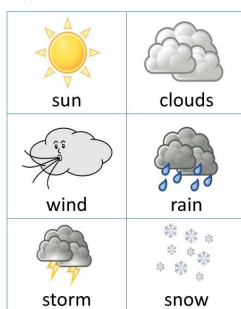

Can you go outside with your grown up or look out of the window. What is the weather like today? Is it the same as yesterday? Is it the same as last week?

In your book can you write down the days of the week like this

Day of the week	Weather
Wednesday	
Thursday	
Friday	
Saturday	
Sunday	
Monday	
Tuesday	

Opposite the days of the week can you record the weather using these symbols

★ Weather Chart

[guruparents.com](http://guruparents.com) ★

You can also write about the weather each day if you want a challenge!

Each day try and watch a weather forecast is the weather the same all around the UK?
