

Thursday 21st May

The United Kingdom is made up of Scotland, Ireland, England, and Wales. Can you try and guess which of those Mrs Stacey has not ever visited?

English

If you can't remember our story this week you could watch it again or watch another version. In the story the Rainbow Fish goes to the Octopus for advice. What questions do you think the fish asked and what do you think the Octopus would say? When you write the question, you need to use a question mark it looks like this

Maths

Today I would like you to add together the 3 lengths of your feet you drew around. Can you now measure out a strip of paper that is the same size? You need to go around your house and find 3 things that are taller, 3 things that are shorter and 3 things that are the same as your strip of paper.
