

Friday 26th June

My favourite pastry is Pain au chocolate. Can you guess which my favourite summer fruit is?

English

Can you answer these questions in your blue book. How would you eat these? What would you eat them with? Do you like strawberries? Where can you pick them? Where do you buy them from? Can you make up a recipe using strawberries? If you are allowed you're grown up could e-mail me your recipes.

Maths

As it is Friday and I hope you have been working hard I only want you to practice your counting and number formation. Ask you're grown up for some counting objects and put them into groups of 10 then count them. Practice writing your numbers to 20.

Enjoy your weekend
