

Thursday 2nd July

Joseph will be 25 on the 5<sup>th</sup> July. Olivia in our class also has her birthday on that day. She will be 6, on Sunday try and remember her and in your mind send her a happy birthday wish.

English

Today I would like you to think about either a birthday you have already had or the one coming up. See if you can make a birthday wish list of what you would like either as a present or as a special tea.

Maths

<https://www.bbc.co.uk/bitesize/articles/zjh7mfr>

There is lots of work to do so I am going to say do this over two days. Remember you can use counting object like pasta or buttons if you get stuck. Try your best it is ok to make mistakes but we must keep on trying to do our learning.
