

Tuesday 7th July

Today we are going to carry on with some of our learning from yesterday. It is really important that we practice regularly our learning so that we can get better at things.

In July there is a celebration of creative flavours of ice cream. What is your favourite? Can you guess what mine is?

English

<https://www.bbc.co.uk/bitesize/articles/zhmwqp3>

Do activity 2 and 3 remember to write using capital letters and full stops.

Maths

<https://www.bbc.co.uk/bitesize/articles/z7nm6v4>

Do activity 2 remember to write out the calculation and that if the answer is a bigger number then it is addition, if it is a smaller number it is subtraction. The answers are after the worksheet. Check how well you did. Don't worry if

you found this difficult, you can talk to your adult about the problems and re do them talking about the answers.
