

Hello Year 2.

Have you watched any films or programmes you had not seen before? I watched Missing Link with Mya and we quite enjoyed it, I did some research about it and found out that it took two years to make and lots of the props are made using a 3D printer.

Your answers for the maths from yesterday are on a separate sheet on the website or in your email.

Today in maths we are going to move onto number work by looking at comparing number sentences. Please do as little or as much of the activities as you want to as there is quite a lot. The maths activities are on separate sheet to this but the link for today's video is here...

English

Read the next two pages of the story and have a go at today's activity.

As Tom continued his journey, it started to snow heavily.

The blizzard grew wilder still, so he decided to pitch his tent.

But the wind was too strong and his tent blew away!

Fortunately he spotted a small cave.

He crept inside and

was just settling down to have a rest when . . .

Activity

Tom has now ended up in a cave, I would like you to imagine you are in the cave and write a diary entry as if you are Tom in the cave. We have done diary work before; remember you are writing as if it is you and the events have happened to you.

Use some of these ideas to help you write in character.

How do you feel? Is it hot/cold? Are there any strange smells or noises? Are you worried or happy? What are you going to do next to make sure you have a shelter?

Here is a starting point for you...

Dear Diary,

I am having such a huge adventure. I am in a dark and cold cave and it smells like Year 2 children!
