

Hello Year 2.

Today you will be sent your science and topic activities as well. You have a week to do this before the next one is sent out but please don't worry about rushing it.

The most important things for you to learn for Topic is to know the names of the five oceans and the seven continents, so far, we have done Europe and Africa, this week is about Asia. See if you can find it on your map before you start the lesson.

Your answers for yesterday's maths are on a separate sheet on the website or in your email.

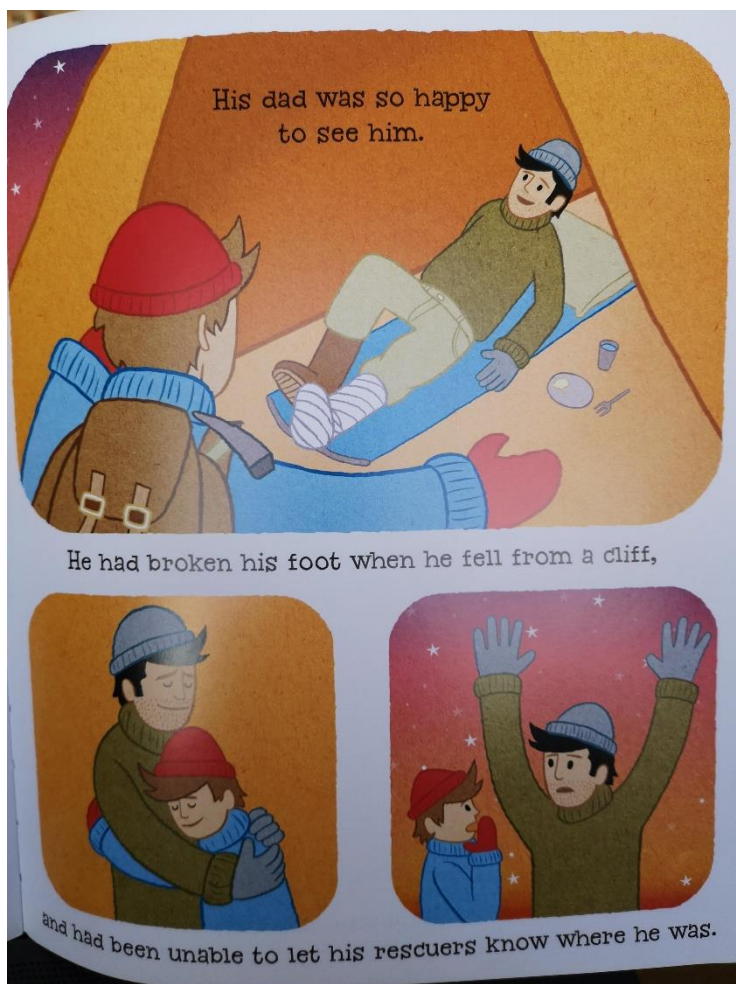

Today in maths we are going to be subtract 2-digit numbers. Please have a go at number one and two at least today.

The maths activities are on separate sheet to this but the link for today's video is here...

English

Read the next page of the story and have a go at today's activity.

Activity

I am pleased that Tom's dad is okay. Thank goodness Tom was brave enough to try and find him.

I want you to think about how Tom and his dad can now be rescued, remember that Tom's dad has a broken foot which will make it tricky for them to travel in different ways. Remember what you have packed for the trip at the start of the book, is there anything that could help you?

If you are not sure you could ask your family for their ideas.
