

Hello Year 2.

This week would be the last week of term before a week off for half term next week. It is usually a very busy term with lots of writing and tests. This week we will be completing some extended writing which we would have done in school but I just want you to try your best. Some of our families have been fasting for Ramadan and have now finished, I am really impressed with some of our class who have also taken part. For Ramadan you do not eat between dawn and sunset, if you are interested in this, here is a link...

For maths we are looking at multiples again, these are really important for your to understand, if you have been doing Times Table Rock Stars, this will help you a lot. We have done these activities before so they may look familiar but as always, please have a go at least on the first two activities.

Here is the link for maths this week

English

Read the LAST page of the story, is this how you thought it would end? Have a go at the activity below.

e will call you The Great Explorer from now on," said  
dad proudly when they were safely home. "I wonder  
where our next adventure will take us?"

## Activity

Today I would like you to create a story map of the *Great Explorer*, we have now seen the whole book and as always it is nice to re-write it but first we need to remember all of the key parts of the story.

Here are all the pages so please use this to help you draw your story map out. Don't forget to draw your arrows between each picture and any key words that will help you for the rest of the week like this...
