

Hello Year 2.

I asked last week if you have learnt any new skills, I am terrible at gardening, but since the lockdown I have tried really hard to spend more time in the garden keeping it tidy and I have grown some new grass where it was muddy before! Here is a picture of Trico enjoying the flowers in the garden! He is NOT helpful.

For maths we are continuing with multiplication activities this week.

Here is the link for maths this week <https://vimeo.com/417922235>

English Activity

Today I would like you to start re-writing the story of *The Great Explorer* by Chris Judge.

Look back at the pictures on yesterday's work and use your story map to help you. This will be our first draft so don't worry about making changes today.

Remember you don't have to use the exact words from the book, retell it in your own words.

Here is a starter for you...

This is a story about an explorer who went missing. His son Tom decided to try and find him.
