

Hello Year 2!

We are now in the season called Summer, the months in Summer are June, July and August. In Half Term I started to write your reports, it seems a long time since I saw you all and imagine you have now grown a lot since we measured you in March! Thank you to all of you that sent me photos, I really like the rabbit that has been visiting Daniel's garden and all the lovely cards and pictures from Daisy, Hannah and George.

Maths

This term we are going back over some activities we have done this year to remind you of them. Today is ten times-table. If you want to do more, please remember you have your Times Table Rock Stars login.

See link below

English

This term we will be continuing our travelling-based activities, but we are going to move onto non-fiction. Last term we found out about Tom and his adventure exploring the North Pole. This term we are going to find out about the South Pole. Can you remember the other name for the North Pole? Look at the bottom of the page for the answer. The South Pole is also called Antarctica.

Look at this photo and think who this might be and why they might be famous.

Write down your ideas in your book, think about the clues in the picture to help you come up with your ideas.

The other name for the North Pole is the Arctic.
