

Wednesday 10th June 2020

Good morning Year 2,

On Saturday it should have been the Schools of Chesham Carnival. Did you know the carnival started in 1974? The theme was meant to be Past, Present and Future and at Ivingswood Academy our float was going to be about Disney, we plan to move it all to next year so that's something to look forward to. Maybe you could draw a picture of a costume to wear.

### Maths

We are continuing with fractions today. Again, just look at the first page and have a go. If it is too tricky and you cannot remember how to do fractions have a go at your number bonds to 10 and 20 or your times tables.

Here is the link for the video today.

### English

Today I would like you to think about why Captain Scott went on his journey to the South Pole. On the next page are some diamonds that are numbered, I would like you to think about the information on each diamond and decide which number is the most important and which one(s) are the least important. So, if you think the most important reason he risked his life is 3 then write 3 first.

## Why did Scott risk his life going on this expedition to the South Pole?

### Diamond 4

1

He was brave and wanted to explore somewhere nobody had ever been to.

Keywords History ▶▶▶▶

2

He liked to visit his friends who lived there.

3

He just liked travelling and adventure.

4

He was told to go by the King. It was an order.

5

He wanted to explore Antarctica as he liked snow and penguins.

6

He was interested in making scientific discoveries.
