

Hello Year 2,

Today at school I will be teaching art this afternoon and we will be making cards for Father's Day, this is a nice time to tell people in our family that we care about them, you might make one for you dad, an uncle, your grandad or even your brother.

Maths

Today we are moving onto 3D shape, remember that 3D shapes are made of 2D shapes, so a cylinder is made of 2 circles and a rectangle. As I explained yesterday, there is no expectation to complete all the sheets, have a look through it and attempt the first one or two pages.

English

Today is your first day of writing a diary entry. I would like you to begin by writing about what you did yesterday. Remember to use the checklist below to make sure that you are following the rules of writing a diary. Think about the examples I sent you yesterday and how you need to start a diary entry.

Here is your checklist

1. First person
2. Past tense
3. Use adjectives

Here is my starting sentence to help you (the red bit is for you to change but remember to use adjectives).

Tuesday 16th June 2020

Dear Diary,

Yesterday I woke up early and had my breakfast. I decided to have **delicious cornflakes and ice-cold milk.**
