

Hello Year 2,

I hope you are having a nice week. I am looking forward to finding out about your stories, maybe you could send me a photo of your writing to the school email address.

Maths

Today we are looking at millilitres in maths. Remember that there are 1000 millilitres in a litre. Please have a go at the first page at least. Once you have done this today, see if you can find a measuring jug in your house or look at different objects in the kitchen and look for how many ml (millilitres) or l (litres) are in it.

English

Today we are moving onto the resolution, so whatever your problem was yesterday, you now need to see how to solve it, try not to be too quick by just rushing to fix it. Sometimes in stories it can take a while to fix a problem, you might need to go somewhere or get some information from someone or even a special object.

My Story Mountain

Use the Story Mountain to help you plan your story.

The Story Mountain helps you remember each stage.

Helpful hints

Try to use interesting sentence starters for each stage of your story.

Use connectives in the middle of sentences.

Check your story! Have you used the correct punctuation?

Remember to start a new line when someone new speaks.
