

## **Thursday 11<sup>th</sup> June**

Morning all,

I hope that you are all well and keeping up with the work set. I have enjoyed receiving some photos of your work and other activities you have been doing at home. Remember if you are stuck you can always send a message to the school office for me to call you and then I will.

### **English**

Today we are learning how to use a dictionary (either the paper copy or an online version) and the importance of alphabetical order. Follow the link to play the games and learn about using a dictionary. If you have a dictionary at home, ask your parents for a word to look up and time yourself to see how quickly you can find it. Then you can give them a word to search for. Who can be the quickest?

### **Maths**

We are continuing our maths learning using the White Rose videos and work guides. This week we are learning from Summer Term – Week 6 – (WC 1<sup>st</sup> June) and our lesson today is Lesson 3 'Fractions of a set of objects (1).' Click the link below to find the learning clip and the work has been sent separately.

### **Other activity ideas**

-  <https://www.nhs.uk/change4life/activities/indoor-activities> This is an NHS website with ideas of fun indoor activities to do
-  Play TTRS
-  Find some old, odd socks and put on a puppet show

Well done and speak soon,

Mrs C Flynn 😊
