

## Friday 12<sup>th</sup> June

### English

How did the dictionary work go yesterday? Well today we are going to explore using a thesaurus. A thesaurus is useful as it gives us alternative words (synonyms) when we need to make better word choices. I use the thesaurus when I am typing up your school reports or letters to your parents. Follow the link to watch the learning clip and to find the suggested activities.

### Maths

We are continuing our maths learning using the White Rose videos and work guides. This week we are learning from Summer Term – Week 6 – (WC 1<sup>st</sup> June) and our lesson today is Lesson 4 'Fractions of a set of objects (2).' Click the link below to find the learning clip and the work has been sent separately.

### Other activity ideas

-  <https://www.bbc.co.uk/bitesize/articles/z64xprd> to find a French lesson on food and clothes.
-  <https://www.bbc.co.uk/bitesize/articles/zjvj7nb> An art lesson with drawing of a TV character.
-  TTRS

Have a great weekend and I'll speak to you next week,

Mrs C Flynn 😊
