

## **Thursday 18<sup>th</sup> June**

### **English**

Following on from the poetry work yesterday, today we are learning about sound words or onomatopoeia. Do you remember we had some examples of onomatopoeia in Tales Told in Tents and The Ice Palace? We had a list of sound words on our class display such as: pop, whizz, sizzle, and crack. Follow the link below to watch the learning click and there are some suggested activities if you would like to try them.

### **Maths**

I do hope you liked the games from yesterday. I have chosen a few more sites and games for today. We haven't learnt about time together, but you have when you were in Year 2. I have chosen some Key Stage 1 games to try first and then try the other ones. Do not worry if you cannot do all of them, just try your best.

<https://www.bbc.co.uk/bitesize/topics/zhk82hv/articles/zcmdwxs> Watch these clips and play the quiz. How many did you get correct?

[https://www.sheppardsoftware.com/mathgames/earlymath/on\\_time\\_game1.htm](https://www.sheppardsoftware.com/mathgames/earlymath/on_time_game1.htm) - this game needs you to set the hands of the clock to the correct time.

[https://mathsframe.co.uk/en/resources/resource/116/telling\\_the\\_time#](https://mathsframe.co.uk/en/resources/resource/116/telling_the_time#) This game has different levels to select from. You choose where to start then click the time that is shown on the clock face.

[https://mathsframe.co.uk/en/resources/resource/119/find\\_the\\_start\\_time#](https://mathsframe.co.uk/en/resources/resource/119/find_the_start_time#) This game is a little harder. You must work out the passing of time and click the correct answer – have a go!

### **Other activities**

- ❖ A lesson on sculptures and the chance to make your own house  
<https://www.bbc.co.uk/bitesize/articles/z9ggp4j>
- ❖ Build a boat from paper/cardboard and see how long it can float for in the bath!

Well done everyone,

Mrs C Flynn 😊
