**Activity one** – Play this quiz from the BBC Bitesize page by following the link above.

**Activity Two**

You can find this link on the BBC Bitesize page. It asks you to colour in the rivers on a world map. If you cannot print the map, then you can discuss with an adult the locations of the rivers and discuss which countries they go through.

**Activity Three**

Complete a fact file for a world river of your choice. Include these in the fact file:

- Where does the river start? (The source)
- How long the river is
- Are there any special creatures that live in or near the river?
- Name the countries the river goes through
- Where is the mouth of the river?
- You can include a drawing of a river
